PHILADELPHIA, PENN.,

ronic or Nervous Debility. Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach,

such as Constipation, Inward Piles, Fullness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of Skin and Eyes, Pain in the Side, Back, Chest, Limbs &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and great Depression of Spirits,

will positively prevent **Yellow Fever, Bilious Fever, &c.**

THEY CONTAIN

ALCOHOL OR BAD WHISKY!

will cure the above diseases in nine cases out of a hundred.

SUCCEEDED by the extensive and universal popularity of Hoofland's German Bitters (purely vegetable), the ignorant Quacks and unscrupulous advertisers have resorted upon suffering humanity the most extraordinary preparations in the shape of poor Whisky, vilely compounded with injurious drugs and christened Tonics, Stomach Bitters, &c.

Beware of the innumerable array of Alcoholic preparations in pistol-like bottles and big bellied Kegs, under the different Appellation of Bitters, which instead of curing, aggravate disease, and leave the liver, prostrate and sufferer.

Hoofland's German Bitters!

are not a new and untried article, but have stood the test of thirty years trial by the American people; and their reputation and sale are not rivalled by any similar preparation.

The proprietors have thousands of letters from the most eminent

CLERGYMEN,
LAWYERS,
PHYSICIANS
and
CITIZENS,

speaking of their own personal knowledge, to the beneficial effects and medical virtues of these Bitters.

If you want something to strengthen you?
If you want a good appetite?
If you want to build up your constitution?
If you want to feel well?
If you want to get rid of nervousness?
If you want energy?
If you want to sleep well?
If you want a brisk and vigorous feeling?

Take the HOOFLAND'S GERMAN BITTERS.

Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge, says:

"Though not disposed to favor or recommend Patent Medicines in general, through distrust of their real efficacy, I feel bound to say that I know of sufficient reasons why a man may conscientiously recommend Hoofland's German Bitters. I have used them in my own family, and have found them a valuable tonic, well adapted to relieve and strengthen the digestive organs. I have also known many others who have derived decided benefit from their use, and I am persuaded that they will prove a useful remedy in many cases of debility, dyspepsia, and kindred complaints."

Rev. Robert Sheerman, for many years Pastor of the Methodist Episcopal Church, Kensington, Philadelphia, says:

"I have been frequently requested to certify to the public the benefit I have derived from the use of Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city. I was prejudiced against them for many years, from the impression that they were chiefly an ardent spirit, and instead of curing, created disease. At the solicitation of my friend Robert Sheerman, Esq., I was induced to try them, more from the hope of pleasing him than from any confidence I had of their benefiting me, as I had been afflicted with a severe pain in my left side, which terminated in a confirmed case of dyspepsia, and had been gradually declining in health for more than two years, during which time I had the attendance of two physicians, but obtained no permanent relief. I commenced taking the Bitters, according to directions, about the beginning of the present year, and was soon convinced that they were operating beneficially upon my system. I have now taken eight bottles, and am entirely restored to my former health and strength. I have no hesitation in recommending the Bitters to the afflicted, as I believe they will, in every instance, prove beneficial."

Yours, with respect,
J. NEWTON BROWN.

Philadelphia, June 25, 1861.

PARTICULAR NOTICE.

"As many preparations sold under the name of Bitters, and in quart bottles, compounded of the cheapest rum, costing from 20 to 40 cents per gallon, are destructive to health, the proprietor of Hoofland's German Bitters has refrained from placing his name before the public as the proprietor of a medicine, which, although universally acknowledged to be the most valuable tonic ever offered to the American people, was liable to be confounded with the many worthless preparations which flooded the country, and thereby deprive the afflicted of a remedy which, when taken according to the directions, seldom fails to restore health to the most debilitated invalid. By their use the system is kept free from disease, and the evils resulting from the influence of Alcoholic Stimulants, the use of which creates an unnatural desire for Liquor, is prevented and kept up, and in place of it all the horrors attendant upon a drunkard's death, are avoided.

Those who desire and will have a Liquor Bitters, can obtain the following receipt. Get **One Bottle Hoofland's German Bitters** and mix with **Three Pints of Good Brandy or Whiskey**, which will make a preparation in all respects equal to, and far excel in medicinal excellence any of the numerous Bitters in the market, and will cost much less. You will have the virtues of **Hoofland's Bitters** in a pure and good article of Liquor, at a much less price than you suffer for preparations will cost you.

ATTENTION, SOLDIERS!

THE FRIENDS OF SOLDIERS

will call the attention of all having relations or friends in the army to the fact that HOOFLAND'S German Bitters will cure nine-tenths of the diseases incident to camp life. The hardships and privations incident to camp life, as the history of almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be cured by Hoofland's German Bitters. Diseases arising from disorders of the digestive organs are specifically cured by it. We have no hesitation in stating that, if these Bitters are freely used among our soldiers, hundreds of lives will be saved that otherwise will be lost.

We call particular attention to the following remarkable and authenticated cure of one of the nation's heroes, in his own language, "has been saved by Hoofland's German Bitters."

Philadelphia, August 27, 1862.

Messrs. Jones & Evans—Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no doubt. It is vouched for by numbers of my comrades, some of whose names are appended, and who are perfectly cognizant of all the circumstances of my case. I have been for the last four years, a member of Sheridan's celebrated battery, and under the immediate command of Lieutenants S. B. Ayres. Through the exposure incident upon my numerous duties, I was attacked in the fall with inflammation of the lungs, and was sent to the hospital. There I was for two days in the hospital. This was followed by debility, heightened by an attack of dysentery. I was removed from the White House, and sent to Philadelphia on board the steamer *State of Maine*, from which I landed on the 28th of June. Since that time I have been so low as constantly to cause all remain in search of relief. For a week or more I was not scarcely able to speak, and if I did force a mustered down, it was immediately thrown up again.

I could not even keep a glass of water on my stomach. I was not hardly under these circumstances, that one of my physicians who had been waiting faithfully and unremittingly, to reassure me from the grasp of the monster, frankly told me that they could do no more for me, and advised me to see a clergyman, and to make what preparation of my limited future as best suited me. A friend of mine who visited me at the hospital, Mr. Frederick Graff, of Sixth below Arch Street, advised me to go to Dr. Jackson's store, to try your Bitters, and kindly proposed to get them for me. From the time I commenced taking them I could see that the shadow of death receded, and I soon knew that I was getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel strong enough to return to my wife and daughter, from whom I have heard nothing for eighteen months. I am a loyal Virginian, from the vicinity of Richmond. To your inestimable Bitters I owe the restoration of my life which has taken the place of many friends. To your Bitters will I own the glorious providence of again being restored among those who are dearest to me in life.

Very truly yours, ISAAC MALONE.

I concur in the truth of the above statement, and rejoiced at seeing our comrade, Mr. Malone, restored to life.

Vallandigham's Paper Raid

While the prince of the Copperheads was in Alabama during the excursion which Gen Burnside invited him to make in Dixie the Chattanooga *Rebel* whose editor had just received a friendly but firm note with him send at the close of a fervent and sympathizing address

God speed you Vallandigham on your mission of peace and may your eyes be opened should your power be equal to your vision, to the grand fact that *we can never have peace without dismion*

So Val started, and at last has arrived in Camden whence he has thrown an empty bombshell into Ohio for the purpose of manufacturing his cruel peace cry and especially the weak and presumptuous Burnside—a name infamous forever in the ears of all lovers of constitutional liberty He gives his opinion of the future thus "If this civil war is to terminate only by the subjugation or submission of the South to free and rule, the infant of today will survive to see the end of it Traveling a thousand miles a month, through nearly one half of the United States and sojourning for a time at widely different points I met not one man woman or child who was not resolved to perish rather than yield to the pressure of arms even in the most desperate extremity And Whatever may and must be the varying fortune of the war in all which I recognize the hand of Providence pointing visibly to the ultimate issue of this great trial of the States and people of America, they are better prepared now every way to make good their interdictable purpose than at any period since the beginning of the struggle!" This sort of talk seems to show that the prayer of the Chattanooga *Rebel* has been answered and that the Ohio candidate believes there is no hope for the government but in dismion for of course, if we cannot crush the rebellion, we must acknowledge the Confederacy We apprehend, however, that very few intelligent men, even of the candidate's own party will put much faith in his croaking prophecies coming, as they do, right upon the heels of disasters that necessarily have left the South much less prepared than ever for its treacherous and unholy work This he knew as well as any one, but counting upon the credulity of the infatuated traitors who nominated him, he evidently supposed they would swallow any he saw fit to prepare and administer to them We cannot believe however, that the people of Ohio who read his letter will be willing to take its author as their governor unless they are also really and willing under his lead, to join the Confederacy, and wear the collar of slavery in the name and for the shame of that kind of Democracy of which he is one of the chief apostles

THE COLLEGE OF CALIFORNIA —This institution, (at Oakland) the prosperity of which is a matter of vital interest to the Pacific coast, has lately received an endowment of $25,000, contributed by the friends of education in San Francisco, the income of which is to be applied in payment of the salary of the President. The gentleman selected for that position is the Rev Dr Shedd of New York city, one of the most eminent and accomplished scholars in the country A graduate of the University of Vermont, he has been a Professor in that institution and in the Theological Seminary at Andover, and is now Pastor of one of the most flourishing Presbyterian churches in New York If he can be persuaded to come to California in the capacity suggested, his services will be of great value to the cause of liberal education We trust that he will perceive the magnitude and importance of the field opened before him and give cheerfully to this coast, where he will be justly appreciated, the benefit of his ripe and profound learning

STONEWALL JACKSON AN ABOLITIONIST —The *Herald of Progress*, a spiritualist paper of New York, says that Stonewall Jackson has become an abolitionist since his death and has joined John Brown's phalanx of spiritual abolitionists

Very likely, for though we have not much confidence in the source of the report, yet as Stonewall was generally reported to be a sincerely pious man in spite of his fanatical zeal for proslavery Democracy, it is easy to believe that when he reached a place where there was no slavery, he would appreciate its enormity and wickedness in causing this awful rebellion, and make haste to join the most radical organization of his opponents so that "*his* soul might go marching on" It is a pity that he did not learn his duty sooner and while living follow the example of Andy Johnson and Dix and Butler and the noble host of patriotic Democrats who have proved by their fidelity that they love their country better than slavery or the Democracy which lives and fights in the name and for the sake of human bondage

Our advance reached within 600 yards of Wagner The batteries and fleet all on the enemy Both forts were severely there has been continuous firing and Wagner returned it vigorously Both monitors were engaged at the close of our fight The shelling on the rebel side is done principally by Sumter, Johnson and Gregg

NEW YORK, Aug 11 —Sterling 30½, gold 2½ Government stocks dull

The Board of Aldermen offered the freedom and the privileges of the city to Admiral Farragut

An order was introduced in the board to pay the troops $50,000 raised in procuring substitutes redistributed among the

A committee on National Affairs was directed to supervise enrollments in different districts

The official report made by Adjutant General Sprague, for Governor Seymour shows that New York City has furnished, since the beginning of the war 70,000 men in excess of her quota, not counting nearly 3,000 men sent by her at three different times for the defense of the capital

WASHINGTON, Aug 13th —Several correspondents from the army of the Potomac came up to-night, fully satisfied that nothing is likely to occur in the way of fighting for some time

Gen Rousseau from Kentucky, is now here for the purpose of urging the government to raise regiments of regular cavalry for driving terrible bands of Tennessee and in striking the heart of the Gulf States destroying railroad communication and relieving East Tennessee His scheme is said to meet with much favor from the President and is warmly favored by Gen Evans and the State officials He will probably be authorized to raise them or a number of infantry will be mounted

Chicago Aug 11 —Leavenworth dispatches of the 7th say that a large lot of mules had been stolen by the Indians from Fort Craig, but were recovered after a sharp fight, in which a number were killed on both sides Returns from the Kentucky election show the following result Members of Congress—First District, L Anderson Second District, Geo H Yeaman, Third District, H Grider Fourth District, Aaron Harding Fifth District, R Mallory, Sixth District Green Clay Smith Seventh District B J Clay Eighth District W Randall and W Wadsworth—all Union men, some of them members of the last Congress

MEMPHIS, Aug 6 —Letters from soldiers in Bragg's army report him falling back to Atlanta, Ga, with the intention of fortifying and defending that place

A large number of deserters who have their arms with them, are in the mountains near Pikesville, Ala, organizing with citizens to resist conscription

Efforts to enforce the rebel conscription in Western Tennessee have been pretty generally broken up by the vigilance of General Hurlbut's cavalry, under Col Hatch Small bodies of rebel cavalry are still in the country They only save themselves, however, by scattering and hiding whenever our cavalry approach

Adjutant General Thomas left for Vicksburg to-night for the purpose of arranging an organization of more colored troops

CAIRO, Aug 11 —Gunboats have been prepared to co-operate with Steele in his expedition into Arkansas A number of Western regiments have already arrived at Helena

LOUISVILLE, Aug 12 —Deserters from the rebel army say that Bragg has been superceded by Bishop Polk

The Nashville *Union* inclines to credit the rumor and adds "We have heard for some time that Bragg's gross drunkeness and his great unpopularity among his soldiers, especially among the Tennesseans makes it not improbable The will no doubt throw him overboard and it will please the Tennessee soldiers with whom Polk is popular

NEW YORK, Aug 12th —The situation in Virginia seems to be as follows The base of the rebel line will be for the present at Gordonsville at a branch of the main line of railroad between Richmond and Fredericksburg dividing at Sexton's Junction and stretching to the Alexandria line Our own communication instead of being by way of the Potomac and Aquia Creek thence to Falmouth, is by Orange and Alexandria direct from Washington, our present front The Rapidan rising among the Blue Ridge mountains flows in an easterly direction and unites with the Rappahannock at the United States Ford Along this line Gen Lee holds the crossings for as Pender's corps, where he has a corps Our warfront appears to extend along the upper Rappahannock so that the triangle between the Rappahannock and Rapidan rivers will be for some time debatable territory

CHICAGO August 12 —The Cleveland *Herald* of the day gives the particulars of a riot at Worcester Ohio, on the 5th The disturbance was begun by a band of Vallandigham men insulting a negro people Stones were procured by pulling up street gutters these with clubs and a few revolvers were the weapons used The Union men finally drove the Butternuts from the field Some 25 or 30 were injured on both sides—some severely

The military was called out but the riot was quelled without resort to serious measures

Additional Eastern News

BUFFALO, August 8 —The reported riot at Sugar Grove Pennsylvania, is a hoax

NEW YORK, August 8 —The *Times* Washington dispatch says it is believed that General Gillmore will be heavily reinforced and enabled to resume operations with a prospect of an early success

All the rebel officers in our hands are being gathered at Johnson's Island near Sandusky, Ohio where they will be kept until a satisfactory reply is received from the rebel authorities in answer to the President's order of retaliation, which has been forwarded by our Government

NEW YORK August 10 —A private letter from Morris Island, dated August 1st, says it is reported here that reinforcements, numbering nearly eight thousand, have arrived but are and will be landed to night on Folly Island

NEW YORK, August 9.—The *Tribune's* Washington dispatch says the war with England sensation news lately started, has no foundation in truth

The *Herald's* Washington dispatches contain long reports to the effect that C M Clay, our Minister to St Petersburg has entered into a treaty with Russia on behalf of the United States, assuring Russia that, in the event of war being declared against her on the Polish question, the United States would declare war against England and France.

WASHINGTON, August 9 —Gov Seymour under date of Albany August 3d, writes to the President with respect to the draft in New York and Brooklyn He condemns the course of the Provost Marshall in commencing the draft without consultation with the city or State officers at a time when the militia were absent at the seat of war and when there were not even soldiers enough to man the fortifications in the harbor The Governor complains of the unfairness of the enrolment and thinks that in this lottery of human life as he terms it, there should be strict impartiality In the rural districts the draft has been executed with justice and the conscripts have accepted their fate without a murmur and sometimes joyfully In the districts of New York city however with a population much less in number to be drafted, there were some cases of fraud, which led to the formidable attack on the enrolling officers, which subsequently grew into one of the most destructive riots known to the history of the country, which he pronounces unpunishable

Speaking further of the riots in New York, he says Disregard for law and disregard for judicial tribunals produced their results in robbery and arson, accompanied by murderous outrages on a helpless race, and for a time the very existence of the commercial metropolis of our country was threatened It is gratifying that the citizens of New York were able without material aid from the State or nation, to put down this dangerous insurrection For a time the nation had not the means to protect its own Arsenal and Navy Yard Ten thousand men could have seized them all, and then used the armaments for the destruction of the city itself, to say nothing of the vessels which were at that time engaged in burning our merchant ships almost within sight of our coast" The Governor also complains that no credit has been given to the city for the number of volunteers sent, and the noble exertions of the militia in times of peril He therefore asks for a suspension, at least, of the draft, until its constitutionality is tested

The President in his reply, under date of August 7th, says he cannot suspend the draft in New York, because time is too important He admits the disparity of the quotas in the different sections, and accounts for it by the fact that so many more persons fit for soldiers are in the city than in the country, who have not recently arrived from Europe to be included in the census of 1860. Still he would not consider that reason sufficient He would direct to proceed drawing only the regular quotas of all the districts After this drawing the city troops shall be carefully re enrolled, and the Governor's agents may witness every step of the process Due credit will be given for all volunteers The President would not object to abide by the decision of the Supreme Court, he would be willing to facilitate it, but could not consent to a suspension at this time

MEMPHIS, August 5, *via* CAIRO August 8, The steamer *Minnehaha* has arrived, bringing New Orleans dates to July 29th. Gen Banks and staff, and Generals Franklin, Weitzel and Stone and other officers, took passage on the *Crescent City* for Vicksburg The real object of Banks' visit to that place is contraband, but enough can be given to the public to make them feel satisfied that a movement will soon be made equal in its results to any yet put in execution

General Herron and the division under his command have landed on the east side of the Mississippi river, two miles below Port Hudson

The Lafourche country has been recaptured by Banks army and the Teche country is now within his grasp The capture of Brashear City has opened a country that has not heretofore been occupied by our troops

CHICAGO, August 8 —That part of the rebel territory west of the Mississippi will shortly be cleared of every organized force General Davidson is marching down through the center of Arkansas, and is thus far very successful Already the people of Jacksonsport are said to be fleeing before Davidson's approach There is also another expedition just on the point of starting into the Western country which will assist in completing the work of crushing the rebellion It cannot be long before the entire extent of the territory will be in undisputed Federal control

On July 27th General Johnston reviewed the rebel troops at Mobile

The Atlanta (Ga) *Appeal* urges guerrilla operations on the Mississippi river, and says a systematized plan of operations on its banks will accomplish more than can otherwise be devised to cripple Grant

MEMPHIS August 12 —Mobile papers of August 1d state that John ston's army is at Brandon and Meridian (Miss) about 25 000 strong and in position to move to Mobile or eastward, as may be required Ruggles and Chalmers are at Okolona (Miss)

Richardson is again appointed at his old camping ground in Tipton and Shelby counties (Tenn), stealing horses, conscripting men and laying contributions on the people His orders are to conscript all light colored negroes as well as white men between the ages of 18 and 45

Bragg is still at Chattanooga, with a part of his force at Rome

Rebel papers contain an official dispatch from Gen Pillow (no date) stating that there was slow firing on both sides which continued last night Our (rebel) casualties on Morris Island yesterday were two killed and fourteen wounded, All quiet to day

RICHMOND, August 4 —In the cavalry fight yesterday near Brandy Station between Hampton's Legion and three brigades Yankee cavalry lasting several hours the Confederates fell back upon the infantry supports, after which the Yankees were repulsed Our loss was less than ten killed and two wounded Colonels Baker, Black and Young were wounded

CINCINNATI, August 7 —Gen Burnside's old Ninth Army Corps has commenced to arrive here They will all be here by Sunday

FORTRESS MONROE August 7 —An expedition left here August 4th under direct command of Major General Foster consisting of the gunboats *Stepping Stone*, *Commodore Barney* and *Dawn* The expedition proceeded up James river When within seven miles of Fort Darling at point called Dutch Gap a torpedo was fired under the bow of the *Barney* A strong current set it at with the shore The explosion was terrific and it lifted the bow of the gunboat bodily out of the water and threw a large quantity of water high in the air, which falling on the deck swept overboard fifteen of her crew Lieut Cushing her commander and two sailors were drowned The rest were saved Major General Foster was on board when the explosion took place The enemy then opened upon them from the shore with 12 pound field pieces The *Barney* was struck about a dozen times and received a large number of musket balls, but not a man was injured except the Paymaster, who was slightly wounded The gunboat *Commodore Barney* received two 12 pound shots, one of which passed through the pilot house instantly killing her commander The *Barney* was towed to Newport News to be repaired The object of the reconnoissance was accomplished and the fleet returned

WASHINGTON, August 10 —Senator Cuness of California has arrived, and is the guest of Secretary Chase

It is stated that the Army of the Potomac is being increased at the rate of one thousand a day by drafted men

General Meade has issued an order holding the people for ten miles on each side of the Orange and Alexandria Railroad responsible for any depredations on that road by guerrillas In case of any injury occurring through the citizens they will be impressed as laborers to repair damages If these measures should not stop depredations, the General Commanding will direct that all the inhabitants of the country along the road be put across the lines and their property taken for government use

During the recent visit to New York of Secretary Chase, for a consultation with the capitalists of that city he determined to continue the sales of five twenties still after ten days notice to the public of a discontinuance No doubt is entertained of the ability of the Secretary to procure all the funds necessary for the successful prosecution of the war

NEW YORK August 11 —Brigadier General Carter commanding a brigade under General Pleasanton, with a small force of cavalry on the 9th, came up with Mosby's guerrillas commanded by the notorious chief in person They fled before our cavalry leaving twelve prisoners in our hands Mosby escaped under cover of the dense woods which our forces were close upon his heels General Carter feels confident that ere long the whole of Mosby's gang including the chief will fall into our hands A portion of Longstreet's corps has occupied Fredericksburg but the indications are that no attempt has been made by the enemy to hold that point The rails of the Fredericksburg and Aquia Creek Railroad have been all torn up by the rebels and sent to Richmond, together with every other species of property in that section available for military purposes The railroad bridges have been burned, and the whole country between the Rappahannock and the Potomac swept off everything

CINCINNATI, August 11 —The *Commercial's* Lexington (Ky) dispatch says Reports from the front indicate that all is quiet on the border Refugees from East Tennessee report that Forrest's mounted force was to rendezvous at Kingston or Concord A rebel brigade under Armstrong had arrived at the former place General Burnside arrived at Lexington yesterday The movements of our troops in that direction are very active

The *Commercial's* Columbus (O) dispatch says Gov Todd leaves for Washington to day An important meeting of state men and prominent persons will come off in that city within ten days, at which time questions bearing on the present aspect of the rebellion will be discussed

CHICAGO, August 11 —It is pretty certain that the rebel statement to the effect that Dick Taylor has defeated Banks and captured six thousand prisoners is a canard of the largest kind Gen Banks was at Vicksburg two weeks ago in consultation with General Grant and knew nothing of this having been defeated

NEW YORK, August 11 —The *Herald* has the following, dated Fort Blunt, Indian Territory A battle is imminent at this point Since our victory at Horny Springs, Cherokee country, the rebels have been reinforced by the return to the old battle field of Cooper's force of about 4,000 men, augmented by Cabell's Arkansas brigade, 2,500 strong, and Burley's Texas brigade, of about 900 men—in all about twelve thousand five hundred men with fifteen pieces of artillery The Union force here number but 2,500 efficient men The Thirteenth Kansas Infantry and a battalion of the Sixth Kansas cavalry—in all 900 men—are making forced marches from Fort Scott, and are expected here on Thursday About Sunday next, General Blunt will cross and attack The General says he will make a fight or a foot race In an attack lies our only safety We can't stay without being surrounded We can't retreat without disaster We believe in Blunt and victory

JACKSON, Miss August 8 —Mobile papers dated July 31st say that Johnston had made a visit to Mobile to inspect the fortifications and defenses It was reported on good authority, that his army has lost fully ten thousand men by desertion since the fall of Vicksburg and desertion is still going on The papers make grave complaints of the suffering in his army chiefly by the recent movements The citizens of Mississippi are said to be despondent Several arrests have been made of persons reported to be connected with secret societies having for their object the return of that State to the Union

The funeral of Wm L Yancey took place at Montgomery Alabama on the 27th of July His death created a profound feeling in the South

The Richmond Examiner of the 7th has the following Stafford reports success of the enemy and the old line of the Rappahannock will doubtless become the scene of yet another bloody conflict There seems to be however a strong disposition on the part of the enemy to halt the passage of the river is noticed by way of the upper fords and an advance on the fall lights of Fredericksburg We have very little information from Lee's army beyond mention of the general movements recorded necessary yesterday It is reported that the enemy had in force opposite Stafford Heights and that Marye's Hill had been occupied by a portion of our force Lee army has been fully recuperated during its excellent fighting from since it has its now position It is preparing for the best which is possible if not preferable

Saturday evening's Washington Star says We have information satisfactory to us that on the 5th August 5th, Lee's main army was in the vicinity of Fredericksburg The two thousand infantry with which he

ATLANTIC NEWS.—We postpone other matter this morning to make room for the streams of dispatches which came to us last night by telegraph and by mail. In the long details published, our readers will find many items of interest, prominent among which are the correspondence between the President and Governor Seymour, the reported disagreement among rebels in Richmond the progress of the siege at Charleston, the advance of our armies at various points, the rumor of General Meade's resignation, etc., etc.

RECORDER'S COURT—*J. F. McCoy, Recorder.*—James Emmons was charged with riotous, violent and disorderly conduct, and on pleading guilty, was fined $20 and costs, in default of payment committed to the City Jail for the term of ten days.

Charles Neal was brought before the Recorder on the charge of making a desperate effort to raise a "muss" somewhere. He admitted the soft insinuation, and was requested to hand over $10 and costs for the amusement. His exchequer being exhausted, he was gratuitously furnished with six days' free lunch in the City Jail.

A convivial young man named James Connolly, was brought up to answer for being drunk and disorderly. He pleaded guilty, and was fined $5 and costs. Being unable to raise the necessary funds, he was endowed with four days' time for reflection in the City Jail.

FINE.—The weather still continues clear and mild, yesterday being one of the most pleasant days we have experienced this season. This is the right kind of weather to mature the fruit and grain, and we understand that throughout the entire State the trees are bending beneath the weight of their precious burdens. The thermometer yesterday indicated 102° in the sun and 73° in the shade.

ARRIVED.—The steamer from the Dalles last evening brought about forty passengers, who held a considerable amount of gold dust. Messrs. Wells, Fargo & Co. received about $5,000 in dust.

Liver Complaint Cured.

CLEVELAND, Ohio, Feb. 19, 1863.

MESSRS. A. L. SMITH & CO.—Gents: I have been afflicted with the LIVER COMPLAINT, and have tried many of the remedies of the day, with constant attention to the bowels and, at other times, with diarrhœa. During the last year I had a constant pain in my back and sides, when I was sick and, when I was not sick, was generally weak when I lifted up a chair.

I took DR. MOFFAT'S LIVER PILLS according to the direction, for three months and am now a different man. I had tried them but with little faith, as I had taken so much worthless stuff before. My health is now restored.

Remarkable Cure of Cramps in the Stomach and Bowels.

CINCINNATI, May 31, 1863.

MESSRS. A. L. SMITH & CO.—Dear Sirs: Last Winter I was taken sick with cramps in the stomach and bowels, which came on nearly every night, and the pain was so great that it produced fainting. I tried your BAKER'S PAIN PANACEA, and found that it relieved me almost instantly. I also recommended it to many of my friends who were afflicted with severe attacks of diarrhœa and cholera morbus, and in every instance it gave them a few doses of the PAIN PANACEA, which cured them immediately. I also recommended it to a number of my friends who were afflicted with severe attacks of vomiting and purging, and in every instance it relieved the sufferer almost instantly. I therefore recommend it to all who are afflicted with any of the above complaints, as the best medicine I have ever used in my family.

Yours truly, M. ADAMS.

MORTUARY.—Died, August 30, 1863, Having had occasion to employ several operators to construct a set of artificial teeth for me, but without having derived any benefit from them, I at last consulted Dr. M. KOEHLER, to whom I gave my case for another trial. He made me a full set of teeth, which I am now wearing, with all the comfort and satisfaction possible, and I would advise any one in need of the services of a skillful dentist to consult him.

☞ In Every Age of the World, the professions have been slow to admit the value of new discoveries, or the expediency of adopting them in practice. It is not to the legal profession that we look for reforms in jurisprudence, neither do we find the advocates of medical reform among physicians. Each denounces whatever is found to innovate upon received opinions and established usage. Hence the opposition which in all ages has been manifested to the use of private remedies, whatever their acknowledged value, or great efficiency in the cure of disease. No medicine has ever done more for the relief of human suffering than DR. OSGOOD'S INDIA CHOLAGOGUE. The certainty with which it cures Fever and Ague, and eradicates bile from the system is acknowledged by all. Do you prefer a speedy and effectual cure to a regular and scientific run of disease? Try the Cholagogue, and the objection is accomplished. Then tell your suffering neighbor what it has done for you, that it may do the same for him. For sale everywhere.
